

FEIF youth Camp Scotland 2011

July 24, 2011

Yesterday evening ended with all participants making their own FYCamp t-shirts (see enclosed pic).

And today was yet another sunny day in Scotland. Today we took the bus to a climbing and aerial assault arena where all participants (who wanted) could go on a challenge track (aerial assault, see enclosed pics) about 30 metres up in the air!!! Scary indeed but also hilariously funny (at least afterwards) I was told! The afternoon activities were playing games as well as hand craft - make your own soap, bath foam, bracelet or pottery!

Having had fish and chips for dinner it is now time for a horse behavioral talk with Debbie Marsden before heading off to bed.!
